

Corrugated tank forming and welding machine

Application

The corrugated tank forming and welding line is the special equipment for manufacturing transformer oil tank.

Structure and specification

Items	BBX-1300	BBX-1600
Fin Width(mm)	350-1300	350-1600
Plate thickness (mm)	1.0-1.5	1.0-1.5
Length of plate(mm)	≥290	
Fin height (mm)	50-400	50-400
Fin pitch(mm)	40-80	
pitch accuracy(mm)	±0.25	
Inner gap (mm)	6
